

budiyu

support between visits

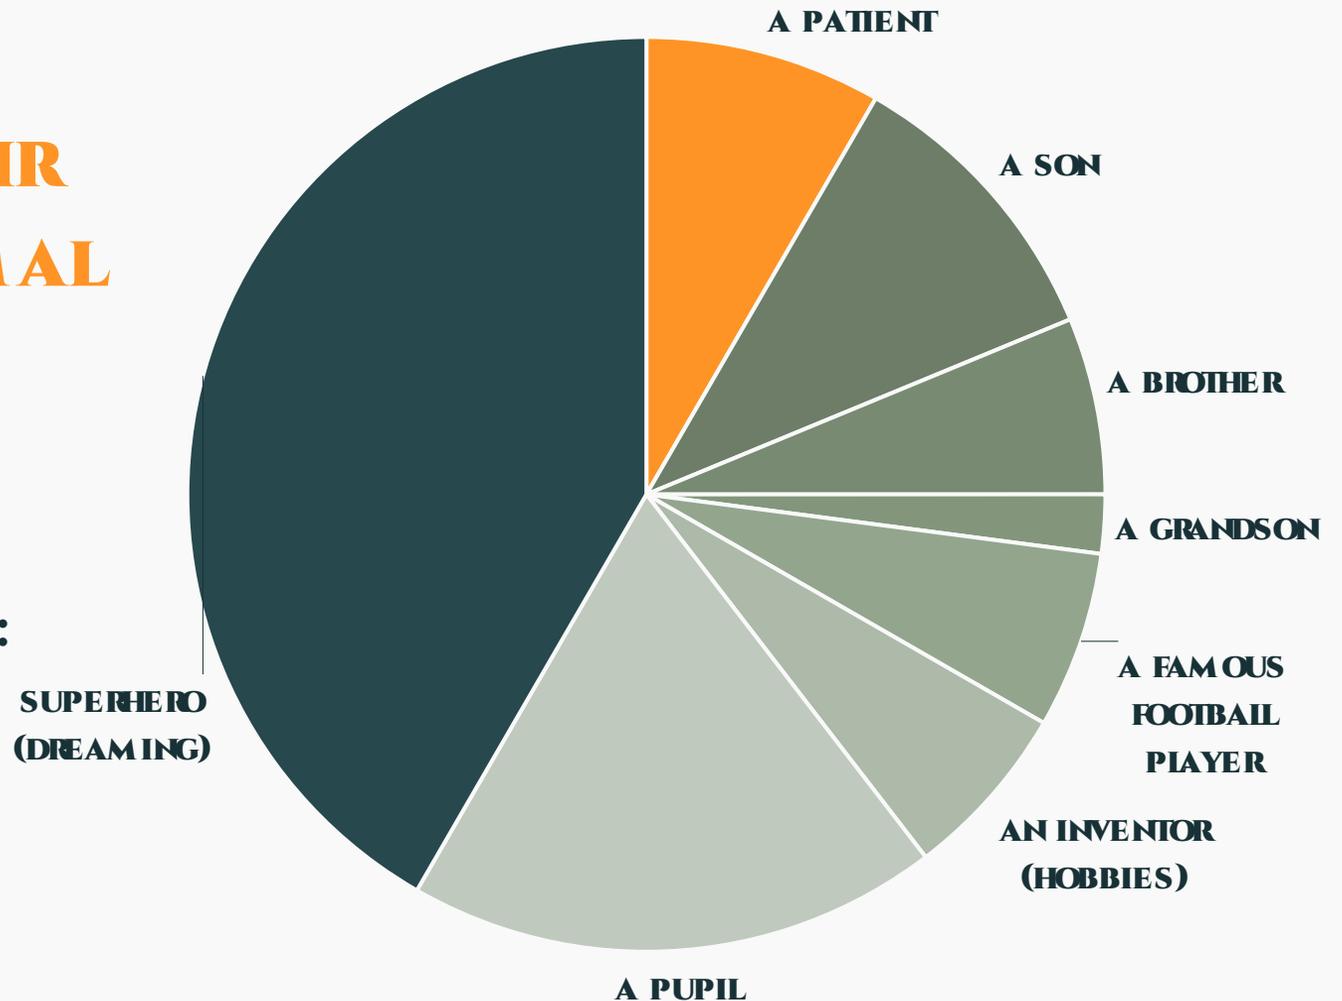

31 MARCH 2025

IT STARTS WITH UNDERSTANDING 'THE PATIENT'

WHO SPEND MOST OF THEIR TIME AS ANY OTHER 'NORMAL PERSON'...

WHAT IF YOU ASKED A 10 YEARS OLD BOY WITH THE BARDET-BIEDL SYNDROME:

"HOW DO YOU SPEND YOUR TIME ON AN AVERAGE DAY?"

**Someone who is just there
and listens, when needed**

**Someone who reminds you
to manage, log, and weight**

**Someone who provides
trusted information**

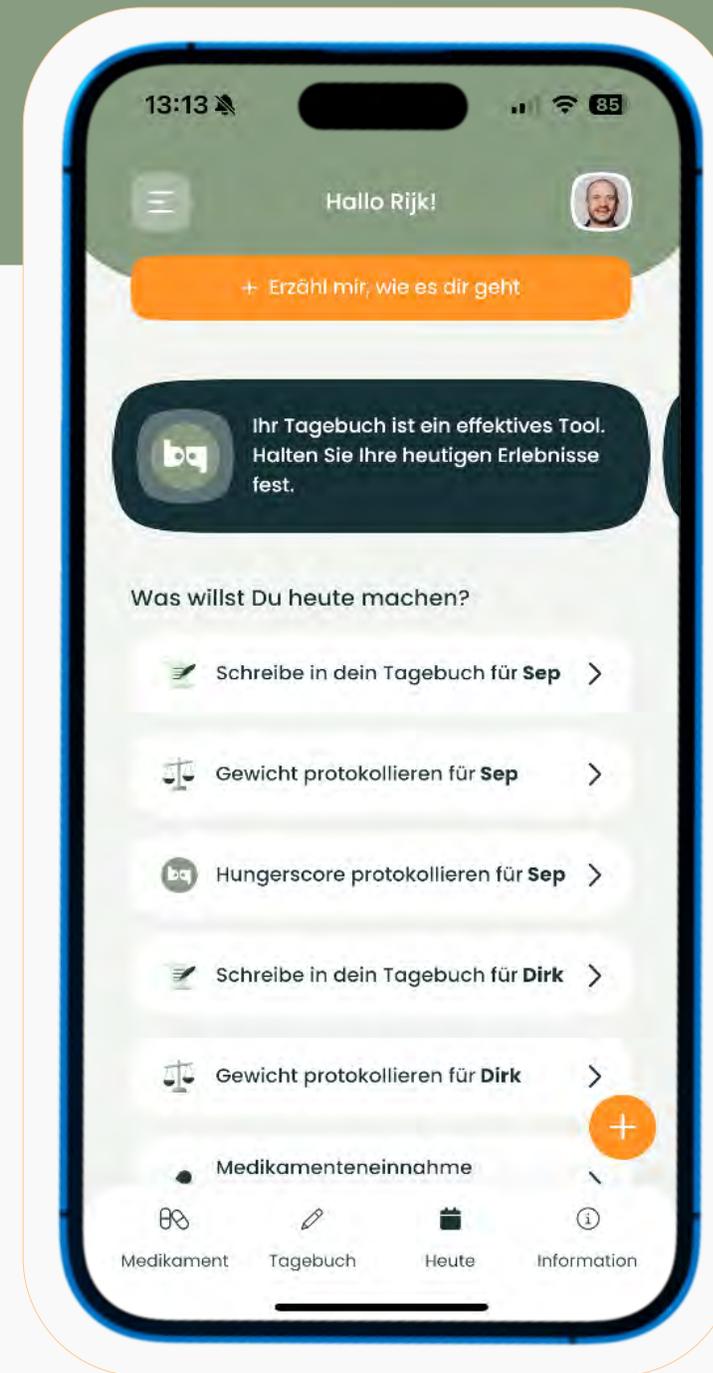

**Someone shows you
the way through bureaucracy**

**Someone who takes over,
maybe just for day**

That is why ...

*we created **budiyu**
a Family Support App*

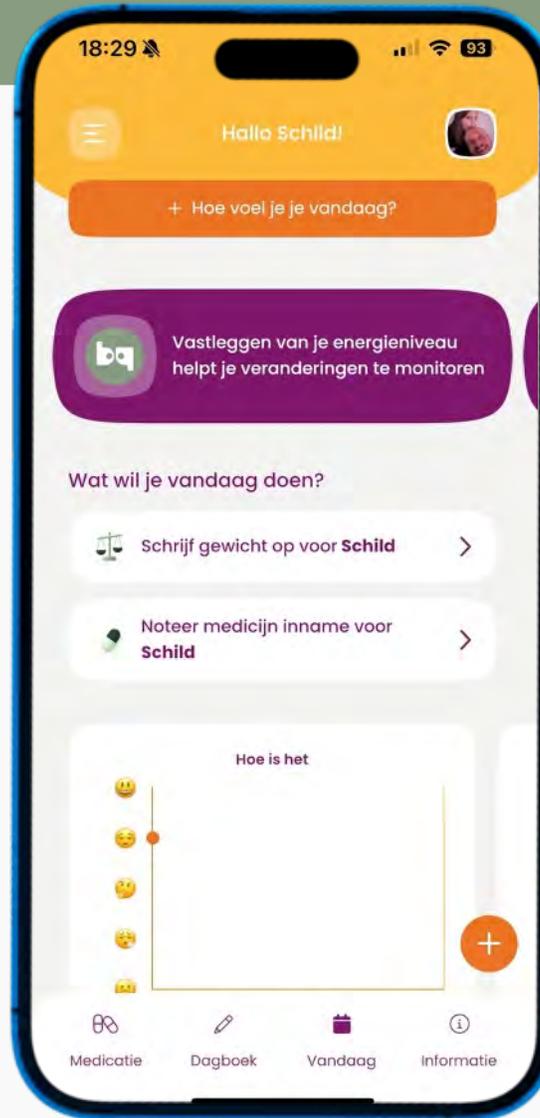

We designed it for ...

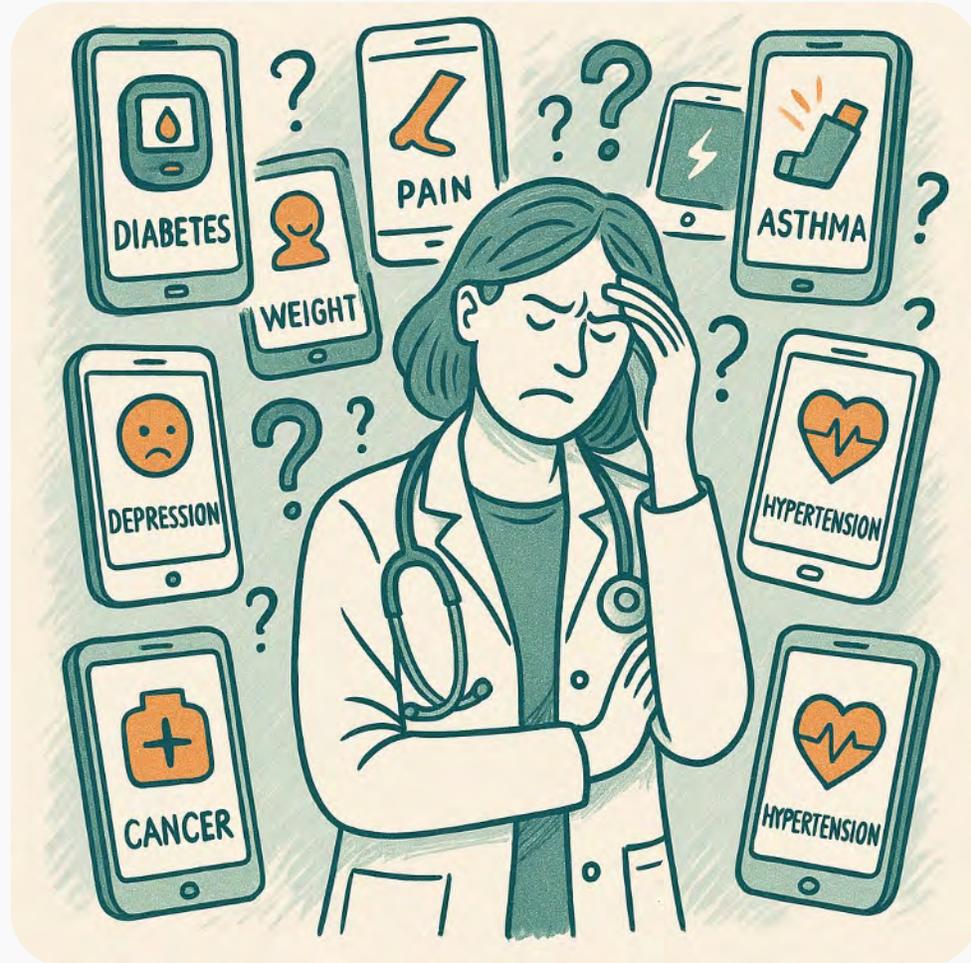

- Parents with children with a chronic (complex) disease
- People dealing with stigma's,
- Patients with chronic conditions or a rare disease
- Their loved-ones

- Thyroid diseases (multiple)
- Endometriosis
- BBS and genetic obesity
- ...

and always looking for more

We also designed it for ...

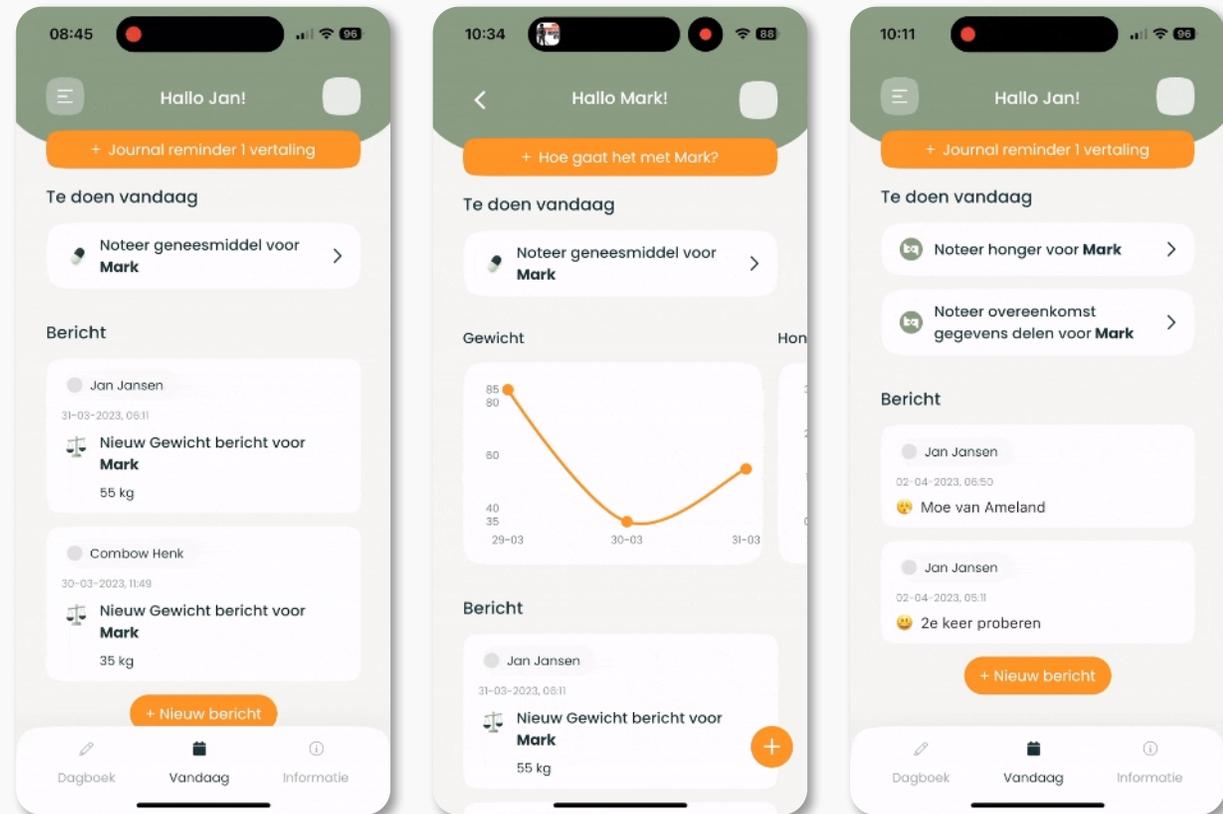

Key Features – in current version

- **CHAT BASED**
- **LOGGING: MEDS, MOOD, WEIGHT AND HUNGER**
- **JOURNALING & TAGGING**
- **BEHAVIOURCHANGE SUPPORT**
- **TRUSTED KNOWLEDGE DATABASE**
- **CONNECT TO THE COMMUNITY**
- **SHOW THE EXPERT**

**THE APPLICATION IS AVAILABIE IN DENMARK,
NETHERLANDS & GERMANY**

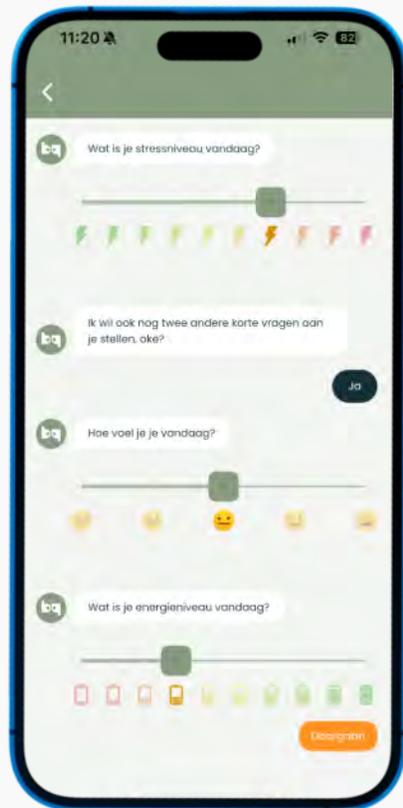

**IN Q2-2025 IN AUSTRIA, SPAIN, ITALY,
THE UK, AND BELGIUM**

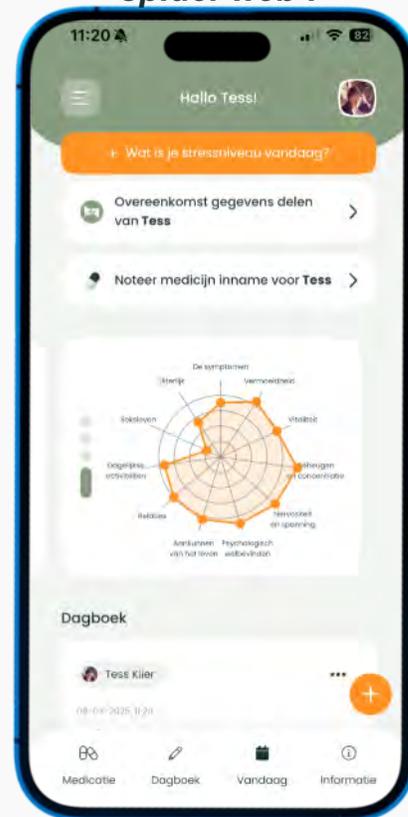

In depth questionnaires

ROADMAP / WISHLIST

- Build the team
- Launch **MEDICATION ORDERING**, leveraging the SDK from our partner Happi Med
- Unlock **RICHER CONTENT** and personalised guidance
- Build a **SMART PEER MATCHING FEATURE** — connecting people facing similar *lived challenges*, not just the same diagnosis

IN A JOINED EFFORT
BUDIYU IS INTRODUCED
IN THE EU REGION
